

Material Safety Data Sheet ACTISKIN CBD

Section 1: Product Identification

1.1	Product name	: Actiskin CBD
1.2	Nature of product	: O/W emulsion
1.3	Supplier details	: Pharmotech SA Chemin des Aulx 14, CH-1228 Genève, Switzerland
	Regular phone number	: +41 (0)22 556 69 31
	Emergency number	: +41 (0)79 640 10 02 (Rodin Aeschbach) +41 (0)22 556 69 31 (César Serna)
	E-mail address	: info@pharmotech.ch

Section 2: Hazard Identification

- 2.1** **Classification of the substance or mixture according to Regulation (EC) No 1272/2008**
Not hazardous mixture
- 2.2** **GHS label elements including precautionary statements**
Hazard statement(s)
None
- Precautionary statement(s)
P101 If medical advice is needed, have product container or label at hand
P102 Keep out of reach of children
P263 Avoid contact during pregnancy/while nursing
P273 Avoid release to the environment
P305 IF IN EYES: Rinse thoroughly with water
P314 Get medical advice/attention if you feel unwell
P332 + P313 If skin irritation occurs: Get medical advice/attention
- Other information
This product is not classified as psychotropic drug.
- GHS = Globally Harmonized System of Classification and Labelling of Chemicals
- 2.3** **Hazards not otherwise classified**
None

Section 3: Composition

3.1 Substances

Aqua
Hemp Seed Oil
Caprylic/Capric Triglycerides
Polyglyceryl-3 Cetyl Ether Olivatate/Succinate
Sorbitol
Cera Alba
Cetyl Palmitate
Theobroma cacao seed butter
Cannabidiol
Phenoxyethanol
Xanthan gum
Benzyl Alcohol
Sodium Benzoate
Potassium Sorbate

Section 4: First Aid Measures

4.1 General advice

In case of allergy to any of the ingredients, consult a doctor by showing the product or label, and/or show this safety data sheet.

4.2 Eye contact

Check for and remove any contact lenses, flush eyes with water.
If irritation occurs and persists, consult a physician.

4.3 If skin irritation occurs

Rinse with water or acholic solution to dissolve resin, consult a doctor in case of irritation. Get medical advice/attention.

4.4 Ingestion

Rinse mouth. Call a doctor if you feel unwell.

Section 5: Fire-Fighting Measures

5.1 Suitable extinguishing media

Dry fire extinguisher, carbon dioxide or a film forming foam (AFFF).

5.2 Unsuitable extinguishing media

Water, water jet, smother and Class B or K chemical extinguisher.

5.3 Fire hazards

At high temperatures acrolein may be formed.

5.4 Specific hazards arising from the chemical ingredients

Acrid fumes may be formed. Carbon monoxide may be released. Combustible.

- 5.5 Special protective actions for fire-fighters**
Wear self-contained breathing apparatus for firefighting.
-

Section 6: Accidental Measures

6.1 Personal precautions, protective equipment and emergency procedures

Keep away from ignition sources.
Ensure adequate ventilation.
Particular danger of slipping on leaked/spilled product.
For personal protection, see section 8.

6.2 Environmental precautions

Avoid release to the environment, do not let the product enter drains.

6.3 Methods and materials for containment and cleaning up

Absorb spillage onto sand or earth. Keep in suitable, closed containers for disposal.

Section 7: Handling and Storage

7.1 Handling

Keep away from heat. Avoid eye contact. Prevent formation of dust.

7.2 Storage

Store product in a cool, well ventilated area, in its original container.

7.3 Container materials

Metal or Plastic for bulk storage and glass or plastic for small quantities

7.4 Fire protection

Keep away from ignition sources and naked flames. Take precautions to avoid static discharges in working area.

Section 8: Exposure Controls/ Personal Protection

8.1 Control parameters

Contains no substances with occupational exposure limit values.

8.2 Appropriate engineering controls

General industrial hygiene practice.

8.3 Individual protection measures, such as personal protective equipment (PPE)

Eye protection

Avoid contact with eyes. If handling in large quantities, wear approved splash-proof safety glasses, ensure availability of eye-wash stations.

Skin protection

If handling in large quantities, wear approved chemical resistant protective clothing.

Hand protection

If handling in large quantities, wear approved chemical resistant rubber gloves.

Environmental exposure controls

Do not let product enter drains.

Section 9: Physical and Chemical Properties

Physical state and appearance	: Semisolid (20°)
Odor	: Herbal, earthy
Molecular Weight	: N/A, mixture of compounds
Colour	: White to yellow, creamy
Boiling point and boiling range	: No data
Melting point/ Freezing point (°C)	: No data
Refractive index: (@20°C)	: No data
Flashpoint	: No data
Evaporation rate	: No data
Flammability	: No data
Vapor pressure	: No data
Relative density	: No data
Solubility	: Not applicable
Auto-ignition temperature	: No data
Decomposition temperature	: No data
Explosive properties	: No data
Oxidizing properties	: No data

Section 10: Stability and Reactivity

10.1 Reactivity

This material is considered to be non-reactive under normal use conditions.

10.2 Stability

Avoid: Light, Heat, Oxygen (oxidation).

Product is stable for at least 1 year under recommended storage conditions.

10.3 Possible hazardous reactions

No data available

10.4 Conditions to avoid

Prolonged exposure to heat and/or sunlight.

Remove all sources of ignition.

10.5 Incompatible materials

Strong oxidizing agents and reducing agents.

10.6 Hazardous decomposition products

Hazardous decomposition products formed under fire conditions. The following decomposition products may form: carbon monoxide, carbon dioxide.

Acrid fumes maybe formed in case of thermal decomposition.

In the event of fire, refer to section 5.

Section 11: Toxicological Information

11.1 Acute toxicity

Skin	: No data available
Eyes	: No data available
Ingestion	: No data available
Inhalation	: No data available

11.2 Potential Chronic Health effects

Carcinogenic effects	: No data available
Mutagenic effects	: No data available
Teratogenic effects	: No data available
Development toxicity	: No data available

Section 12: Ecological Information

Persistence and degradability	: No data available
Bio accumulative potential	: No data available
Mobility in soil	: No data available

Results of PBT and vPBT assessment

PBT/vPvB assessment not available as chemical safety assessment not required.

Other adverse effects	: No data available
------------------------------	---------------------

Section 13: Disposal Considerations

Disposal of the product

Avoid release to the environment, do not let the product enter drains.

In general, waste generators must determine whether a waste is hazardous and consult federal, state and local environmental control regulations to ensure proper disposal.

Section 14: Transport Information

Shipping classifications

IATA / IMDG / DOT (US) : Not dangerous goods

Special precautions for user

Do not expose to a temperature higher than 30° C.

Section 15: Regulatory Information

This safety datasheet complies with the requirements of Regulation (EC) No 453/2010

Substance specific data on safety, health and environmental regulations/legislation are not available.

Chemical safety assessment is not available.

Section 16: Other Information

Swiss Toxicological Information Center (CH-8028 Zurich): 145

The above information is based on the most recent state of our knowledge and is applicable to the product with regard to appropriate safety precautions. It is believed to be accurate, but does not represent any guarantee of the properties of the product. **Pharmotech SA** shall not be held liable for any damage resulting from handling or from contact with the above product.
